

# Memorandum of Understanding between Bharathidasan College of Arts and Science and FACE Prep Campus

Bharathidasan College of Arts and Science has signed a Memorandum of Understanding (MOU) with FACE Prep Campus to ensure 100% job placement for their BSc IT graduates.

At **Face Prep Campus**, we have a clear vision of equipping the next generation of computer science professionals with the skills, knowledge and practical experience they need to thrive in the rapidly evolving digital landscape. We believe hands-on learning is the key to unlocking the true potential of our students.

## Program Highlights:

- **Skill Based Learning:** FACE Prep Campus will conduct a practise based learning methodology integrated with the university curriculum, starting from the first semester and continuing throughout the program till assured placements.
- **Specialized Training:** Students will receive specialized training in areas like Artificial Intelligence, Data Science, and Full Stack Development to enhance their employability and to stay relevant for the future technological needs.
- **Certification:** Students will be facilitated to obtain Face Prep Campus certifications from companies like Microsoft and IBM.
- **Internship:** Students will be offered internships with stipends by the end of second year.
- **Campus Placements:** Assured placement opportunities in IT companies for BSc IT graduates with a salary package of 3-6 Lakh.

This MOU is expected to significantly increase job opportunities for Bharathidasan College of Arts and Science BSc IT students with practical hands-on learning experience and transform them into future ready, deployable workforce.
